With several permanent immersive attractions combined with the ability to produce custom corporate or private experience packages for all occasions gives IMEvents.global the foundation to help turn your fantastical visions into reality. WHAT'S ON AT THE WORKSHOP

WELCOME TO **THE WORKSHOP** SHEPTON MALLET
THE HOME OF IMMERSIVE ENTERTAINMENT

The Workshop places you and your team at the epicentre of a number of **LIVE action** immersive experiences where **you are the stars of the show!**

It's the ultimate team building activity! The Workshop is attached the the UK's most haunted heritage museum, **Shepton Mallet Prison** in Somerset!

A man in a dark jacket and cap is looking upwards in a dark, industrial setting. In the foreground, a chainsaw is visible. The background shows a brick wall and some pipes.

WHAT IS AN IMMERSIVE EXPERIENCE?

Think of it like a trip to the theatre, but rather than being sat in a pokey audience seat you're living and breathing it on stage with the characters, but it's not a stage or a set you're stood on, its a real place, with real walls and real atmosphere.

Immersive experiences place guests in very real, exciting, adrenaline filled action movies, where you are the heroes and villains. It's pure fantasy. Its physical and mental exploration of what we believe is real.

All these elements combined create unforgettable moments in time that guests talk about for years and years.
